

FRONTIER DAYS CELEBRATION IS GREATEST "WILD WEST" SHOW

Indiana Are Always a Popular Feature at Cheyenne.

Saddling an Outlaw Broncho at Frontier Days. Broncho-Buster Getting an Outlaw Bucker into Action.

Frontier Days, a cowboy festival at Cheyenne, Wyoming, which was the first and continues the greatest of such events, is an annual "Wild West" show a hundred times greater and more thrilling than the greatest of the "tent" shows. Frontier Days is given annually, the dates this year being August 18, 19, 20 and 21. It costs \$50,000 to stage it, of which sum \$25,000 is paid in prizes to contestants in the world's championship rough-riding, steer-roping and other events. People come from every civilized country to attend; the contestants are drawn from all over the West, Canada, Hawaii, Australia, South America, South Africa and Mexico. Among distinguished men attracted by this remarkable celebration were President Taft, President Roosevelt and Secretary of War Garrison. Fifty thousand people annually witness the sports. "Bully," said Colonel Roosevelt. "It is the best 'Wild West' work I ever saw."

Holstens in Stockholm, Sweden
The Herald received a card the first of the week from F. E. Holsten, who is visiting Europe this summer with Mrs. Holsten and daughter, stating that they would arrive in Stockholm on July 7. The card was dated at Hamburg, Germany, July 5, and stated that they were enjoy-

ing their trip greatly. They stopped two days in Hamburg and then went to Malmo, Sweden, and from there to Stockholm.

When you build that new house or barn get your building materials at the Forest Lumber Company.

PERU NORMAL NEWS

(By Herald Correspondent)

Pres. Hayes gave a brief but very interesting account of his attendance at the N. E. A. which was held in St. Paul, Minn.

At Chapel Friday morning Mr. Kimball of the Chicago Lyric quartet sang several songs.

The fourth number of the lecture course was given Friday evening by the Chicago Lyric Quartet. This was declared by many people to have been the best number so far presented this summer.

A mixed quartet composed of Dr. House, Prof. House, Mrs. Cambell and Mrs. H. C. House entertained the students at chapel on Monday.

On Monday and Tuesday, National Rural School Specialist A. C. Monahan held a series of conferences and delivered addresses on the improvement of the rural schools and of rural and village community life. We deem it fortunate that such a speaker as Mr. Monahan could be secured at this session of the summer school. State Superintendent James E. Delzell, Deputy State Superintendent R. I. Elliott and Rural School Inspector Edith A. Lathrop were in Peru and had a part in the program. In addition to these some twenty or thirty county superintendents and many school board members were present. The following is a schedule of the program:

Monday morning, 11 o'clock, Convocation period. Address, A. C. Monahan and Supt. James E. Delzell.

Monday, 2:15 p. m. Meeting of all rural teachers in high school assembly room. Address by Rural School Inspector Edith A. Lathrop.

Monday, 8:30 p. m. Illustrated lecture, A. C. Monahan.

Tuesday, 8:30 a. m. Conference with county superintendents and round tables conducted by A. C. Monahan.

Tuesday, 11:15 a. m. Round tables of rural school teachers and graded school teachers, led by A. C. Monahan.

Tuesday, 2:30 p. m. Conference with county superintendents and school board members. Leaders, A. C. Monahan, Supt. James E. Delzell.

Birthday Surprise Party

Yesterday Miss Marian Grebe reached the age of "sweet sixteen" and seven girls of her High school class helped her to celebrate the event by giving her a surprise party in the afternoon. The party was composed of Marian Grebe, Ruth Nation, Mildred Campbell, Edna Bowman, Edna Donovan, Marian Mote, Helen Schott and Janet Grassman. A two-course luncheon was served. A very pleasant time was enjoyed by hosts and guests playing games and taking Kodak pictures. A birthday coincidence is the fact that Miss Grebe's birthday anniversary is the same day as that of her father, M. E. Grebe, the photographer.

SUFFRAGE TRIUMPHS IN FEDERATION.

The General Federation's endorsement of suffrage will encourage the faint-hearted; it will stop the anti cry that only the small minority of women want suffrage. It will hasten the day when America will be all free, a true democracy. The Federation is the largest association in this country.

"Many very good people are against woman suffrage, but it is a fact that almost all the bad people are against it," said Albert J. Beveridge at the Indiana State Suffrage Convention.

One of the strange things about the anti-suffragists among women, is that they seem to regard themselves as holding a brief against their own sex—which certainly ought not to be the case if they are sincere in supposing that exclusion from the suffrage helps to conserve the feminine virtues.—New York Mail.

I believe in the ballot for women for the same reason that I believe in a wife for every man, one who is the mother of his children and the careful keeper of his house. The house of the nation is a bachelor establishment, and is badly kept in many ways for this reason.—Corra Harris.

GERMAN ALLIANCE FOR SUFFRAGE

Massachusetts Branch Unanimously for Equal Suffrage.

The Massachusetts branch of the German Alliance, which numbers 6,500 members, recently held its annual convention at Lawrence, Mass.

Every delegate present voted to endorse woman suffrage.

Equal suffrage has been a prominent branch of the German Alliance, which has 8,000,000 men in the United States.

AN ANTI-ARGUMENT.

Affirming on scriptural grounds the leadership of the male, Wm. D. McLaughlin recently wrote the New York Tribune a letter with an anti-suffrage postscript. Mr. Witter Byner answers thus: "Mr. McLaughlin says, 'At the Lord's supper there were no women.' May I remind him that there were women at the cross and that men are always good at suppers."

WOMEN USED TO COMPLICATIONS

Any woman who can run a charity organization, a typewriter, a suburban home, a boarding house or a class room with forty children, will probably be just as able to exercise the right of franchise as some of the men, said Assemblyman John J. Johnson of Bergen, at a suffragist meeting in New Jersey the other day.

They see the light. Heaviness in automobile construction was thought to be the right thing until Henry Ford built the light, strong Model T. That Ford now outnumber any other car, three to one, proves that Henry Ford is right. And so now they're all advertising lightness. Place your order today.
